## IMPORTANT NOTICE

### Scoring Clarification for Teachers

**Regents Examination in Algebra I  
Chinese (Simplified) and Chinese (Traditional) Editions, only  
Thursday, June 16, 2022, 9:15 a.m.  
Question 32, only**

---

**Please photocopy this notice and give a copy of it to each teacher scoring the Simplified Chinese or Traditional Chinese Editions of the Regents Examination in Algebra I.**

This clarification applies only to students who used the Chinese (Simplified) or Chinese (Traditional) editions of the Regents Examination in Algebra I, either exclusively or in conjunction with the English edition.

The prescribed method of solving the equation was inadvertently omitted in Question 32 on these translated editions. As a result, students using these editions should receive full credit on this question for a correct solution in which any valid method was used and appropriate work was shown.

Make sure to darken the circle for either “Chinese (Simplified)” or “Chinese (Traditional)” in the box labeled “Alternate Language” on the answer sheet for all students who used either the Chinese (Simplified) or Chinese (Traditional) editions of the Regents Examination in Algebra I, either exclusively or in conjunction with the English edition.

We apologize for any inconvenience this may have caused you or your students. Thank you for your hard work on behalf of the students in New York State.
