

Regents Comprehensive Examination in English—August 2004

Chart for Determining the Final Examination Score (Use for August 2004 examination only.)

To determine the student's final examination score, locate the student's total essay score across the top of the chart and the student's total multiple-choice score down the side of the chart. The point where those two scores intersect is the student's final examination score. For example, a student receiving a total essay score of 17 and a total multiple-choice score of 20 would receive a final examination score of 77.
