PART I RAW SCORE**

Please read carefully the Directions for scoring in the Grade 4 Elementary-Level Science Manual for Administrators and Teachers.

For handscoring, this key must be aligned with the answer sheet so that the box indicating the correct answer for each question corresponds to the row of answer circles for that question. Place the key on the answer sheet so that the **D** appears in the box for question 1, and the **C** appears in the box for question 30.
