Regents Comprehensive Examination in English—June 2009

The conversion chart on the next page is for use **only** for students who took both Session One and Session Two of the June 2009 Regents Comprehensive Examination in English.

There is a special conversion chart for deriving the combined-date final scores for students who took Session One of this examination in January 2009 but were unable to take Session Two due to a weather-related school closing. The special combined-date administration conversion chart is available at:

To determine the student's final examination score, locate the student's total essay score across the top of the chart and the student's total multiple-choice score down the side of the chart. The point where those two scores intersect is the student's final examination score. For example, a student receiving a total essay score of 16 and a total multiple-choice score of 19 would receive a final examination score of 70.
